Regional Operations Center
Salt Lake City, UT

WEATHER KEY POINTS

12/02/20 - 12/08/20

Wednesday-Tuesday

- Elevated fire weather conditions expected again today across the Ventura and Los Angeles County Mountains
 - Localized wind gusts to 45 mph likely
 - Very low humidity also continues
- Moderate to strong Santa Ana winds appear increasingly likely to develop across southwest California Wednesday evening and overnight through Saturday, with critical fire weather conditions possible
 - Wind gusts of 40-55 mph likely, with isolated gusts to 65 mph
- Long swell event across northern California coast Wednesday, with the potential for sneaker waves and rip currents
- Otherwise, dry weather continues statewide through the weekend with temperatures near to above normal for early December
